About CSI Compressco

CSI Compressco is a provider of contract services including natural gas compression services and treating services. Natural gas compression is used for natural gas and oil production, gathering, artificial lift, transmission, processing, and storage. Treating services include removal of contaminants from a natural gas stream and cooling to reduce the temperature of produced gas and liquids. CSI Compressco's compression and related services business includes a fleet of approximately 4,800 compressor packages providing approximately 1.2 million in aggregate horsepower, utilizing a full spectrum of low-, medium- and high-horsepower engines. Our treating fleet includes amine units, gas coolers, and related equipment. CSI Compressco's aftermarket business provides compressor package overhaul, repair, reconfiguration, and maintenance services as well as the sale of compressor package parts and components manufactured by third-party suppliers. Our customers comprise a broad base of natural gas and oil exploration and production, midstream, transmission, and storage companies operating throughout many of the onshore producing regions of the United States, as well as in a number of international locations, including the countries of Mexico, Canada, Argentina, Egypt and Chile. CSI Compressco's General Partner is owned by Spartan Energy Partners LP. This news release serves as qualified notice to nominees as provided for under Treasury Regulation Section 1.1446-4(b)(4) and (d). CSI Compressco's distributions to foreign investors are subject to federal tax withholding at the highest applicable effective tax rate. Nominees are treated as withholding agents responsible for withholding distributions received by them on behalf of foreign investors.
